

HANKEN

Hanken Osaka Manufacturing Co.,Ltd.

Company Profile

Mini Excavator front parts

Bucket

Buckets for 0.8-7 tons class excavators. Bucket is the key parts for construction work like "Digging" and "Loading".

Reinforcement, different width, hooked and various specifications are also available.

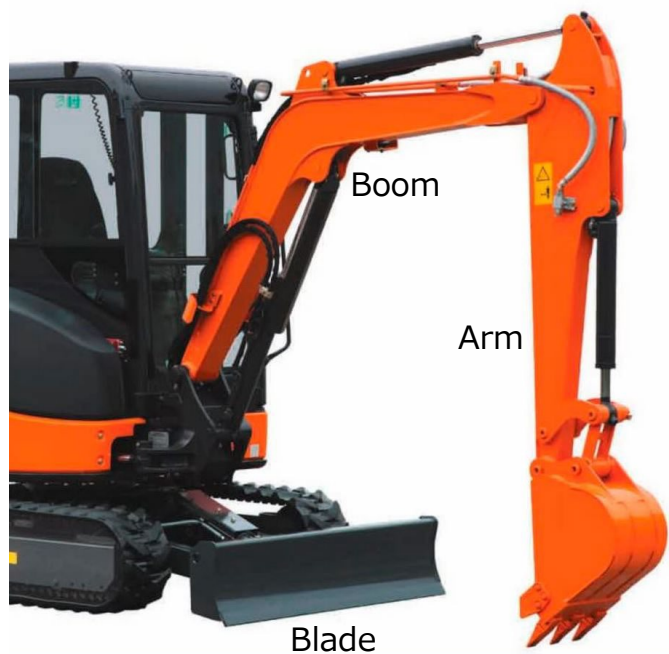

**Mini Excavator Bucket
No.1 share in Japan.**

Boom/Arm, Blade

Front parts require high strength, durability and appearance quality. High tensile strength steel is used for the material, and we manufactured by advanced welding robots, ultrasonic flaw detection inspection.

Reinforcement, long arm and other various specifications are also possible.

**High Durability
and High Quality.**

Muffler (Silencer)

Various kinds of mufflers for tractors, combines, mowing machines and general purpose engines are manufactured. Heat-resistant painting is also available.

Tractors	Combines	Mowing Machines	General Purpose Engines
			
			
			

Over 200 kinds for Diesel, Gasoline and General purpose Engines.

Brackets

Small Quantity Production with High Quality is possible.

Head Office (Japan)

Hanken Osaka Manufacturing Co., Ltd.

Strong Point

- Advanced **Welding and Metal Working Technology**.
- Providing Various metal products with **High Quality** based on ISO9001 at a **Low Price**.
- Shipping to Customers **Around the World**.

Business	Manufacturing Metal Parts for Construction machines and Agricultural machines.
Foundation	March, 1923
Capital	10 million yen
Number of employees	30
CEO	Junichi Kawamura
URL	https://www.hanken-ss.jp
Head office and Factory	19-6 Minami-Futami, Futami-cho, Akashi-city, Hyogo, Japan (Site area 2,000m ² , Building area 1,000m ²) Phone number : +81-78-941-1839 FAX number : +81-78-942-3018
Kanzaki Factory	612 Iwaya, Kamikawa-cho, kanzaki-gun, Hyogo, Japan (Site area 7,460m ² , Building area 1,410m ²)
Major Customers	Kubota, Hitachi Construction Machinery, Hitachi Construction Machinery Tierra, Mitsubishi Mahindra Agricultural Machinery   
Sales area	Japan, China, North America, Europe, Southeast Asia

HANKEN

Manufacturing Plant (China)

Hanken (Tianjin) Technology Co., Ltd.

Foundation	October, 1994
Capital	2 Million USD (100% owned by "Hanken Osaka Manufacturing Co., Ltd.")
Number of employees	130
President	Junichi Kawamura
Vice President	Ying Liu
Address	B2, No.9 Saida Industrial Park , Xiqing Development Area, Tianjin, China (Site area 11,560 m ² , Building area 6,780 m ²)
Certification	Quality Certification ISO9001:2015

ISO9001

HANKEN

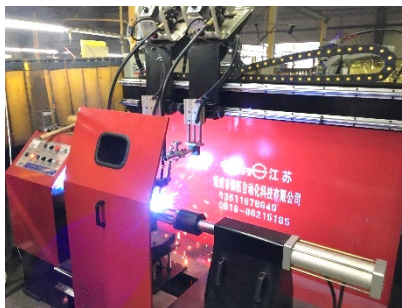

Production Equipment

Introducing advanced Welding Robots,
and realizing High Productivity and Quality

Equipment	Remarks	Number
Welding Robot	Panasonic TM-1400, 1800, TA-1400, 1800, FANUC etc.	14
Automatic Welding Machine	Circumference, straight line welding	3
MIG/MAG Welding Machine	Panasonic(Digital Pulse controlled), Daihen etc.	60
TIG Welding Machine	Daihen VRTP-300 etc.	8
Machining Center	GMC1630 3,000×1,600mm etc.	4
CNC Boring Machines	Horizontal boring	2
Press Brake	Komatsu PBZ1253, PHS-160X310, PHS-80X200 etc.	3
Press	Mechanical Press 80t	2
Bending Roll	Isel BS-B1000×SS6t etc.	4
Shot Blast Machine	Nicchu HDF-20Y etc.	3
Painting Booth/Drying Furnace	Heat-resistant painting and Baking are possible.	1
Lathe, Milling, Drilling Machine		10
3D Measurement Instrument	FARO ARM Quantum M 3.5m etc.	2
Ultrasonic Inspection equipment		2
3D CAD software	SOLIDWORKS	2
